Crew-for-Hire Info

Preparing for Garmin UNBOUND Gravel p/b Craft Sportswear can be a daunting task for participants, and support is such an integral part of it. As you are aware, all participants must have a support crew present to assist in their journey. However, should you not be able to come with your own support crew, we have some options for you.

We partner with Payne's Promise and Camp Alexander to bring you world class support through our Support Crew-for-Hire program. Along with the Kansas City Jeep Club, these organizations work to make sure your only worry come race day is pedaling your bike.

What is Provided

The list of what you should bring is quite subjective and could get quite lengthy. We recommend researching online what items might be useful to have. While what to pack is ultimately up to each individual participant, knowing what is provided at each stop will be helpful information as you begin to think through your packing list. Here is a list of what you can count on at each of the checkpoints.

Water

- Aid station food (fresh fruit, sweet and salty snacks, pickles, cokes, etc.)
- Floor pump
- Lube for chains
- Pick up service - should you need to abandon the event the KC Jeep Club will take you to the nearest CP town at which point you will get shuttled back to Emporia.
- Drop Bag Service Name tag for each drop bag
